

# Anchor seal A series

A one piece capsule and anchor seal, without integral or pre-assembled sealing thread. Suitable for sealing both ends of any length or type of thread, ribbon or wire up to a strand thickness of 0.81mm. As the seals are unnumbered, and if required, on the spot identification on one or both sides of the capsule can be made using the marking tool. For quantities over 10,000 the capsule can be personalised with moulded high relief numbers, letters or logo. No tools required for sealing.

Product code:  
A #001P00PP
