

Anchor seal AW series

A one piece capsule and anchor seal, pre-assembled with a 16cm length two strand 0.81mm galvanised wire. Other lengths of 25, 30, 39, 50 and 79cm are available. As the seals are unnumbered, and if required, on the spot identification on one or both sides of the capsule can be made using the marking tool. For quantities over 10,000 the capsule can be personalised with moulded high relief numbers, letters or logo. No tools required for sealing.

Product code:

AW #002P16GVT2PP
