

# Anchor seals **AWN**L series

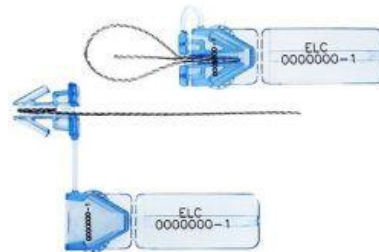

One piece capsule and anchor polycarbonate seal with large tab. The tab is either fixed or with a detachable receipt. A standard size 13cm stainless steel 0.81mm wire is pre-assembled on anchor. Other lengths of 16, 25, 30, 39, 50, 79cm are available. The numbers, or bar code, on the seal with a fixed tab are laser printed only on the tab. On the seals with a detachable receipt the numbers, and the numbers of the bar code, are printed on both the capsule and the tab. The bar codes are laser printed on a white background.
