

Anchor seal AFN series

This one piece seal, comprising capsule, anchor, sealing thread and numbered tab is ideal for short length sealing through small apertures. The plastic thread has a length of 13cm, diameter 1.25mm. The tab has 7 numbers moulded in high relief. These high relief moulded numbers eliminate the possibility of alterations or forged copies and make the seal individually identifiable. For quantities over 10,000 the capsule can be personalised in high relief on one or both sides with letters, numbers or logo. No tools necessary for sealing.

Product code:

AFN #011N13PL2PP

Anchor seal AFN series description
